

Make Your Own Rhythms

Let's create some rhythm
patterns together

ViolinSchool
MusicLand

www.ViolinSchool.com

With the help of our new friends - Gussie, Dora, Alfie and Enid - we're going to create some **Rhythms** on all the different strings of the violin!

Activities

1) **Write** a **rhythm pattern**, **clap** it, then **play** it on each string.
For example:

Gussie Grasshopper hops to the beach!

Dora Dragonfly dreams of _____

Alfie Ant likes to _____

Enid Earwig eats _____

2) **Play all the rhythms**, one after the other, to make your own piece
Say "Here - we - go - and..." before you begin, to keep steady time!

3) **Swap rhythms** with a parent or a friend

Teach each other your own rhythms (get the other person to play your rhythms back to you). Then add all the rhythms together and make another piece!

4) **Draw** either Gussie, Dora, Alfie or Enid in the box below!
