

Accidentals

Sharps, Flats and Natural Signs

ViolinSchool
MusicLand

www.ViolinSchool.com

Every note can be sharpened (made a semitone higher) or flattened (made a semitone lower).

The natural sign (\natural) returns a note to its natural pitch. At the moment we are only using a few of these, but later in the course we will meet more!

So far we know:

F Sharp (\sharp) & F Natural (\natural)

C Sharp (\sharp) & C Natural (\natural)

G Sharp (\sharp) & G Natural (\natural)

B Flat (\flat) & B Natural (\natural)
