

Twinkle Twinkle BBA

Finger Placement

ViolinSchool
MusicLand

www.ViolinSchool.com

Without using the bow, let's learn how to **tap** the 1st, 2nd and 3rd fingers in the right place ... first on your arm, and then your on violin!

Sing

Twinkle Twinkle BBA ssh! Place your fingers as you play ssh!

5 A A G G F#s F#s E ssh! Tap now three three two two E ssh!

9 Twinkle Twinkle BBA ssh! Place your fingers as you play ssh!

Activities

- 1) **Sing** the words and **tap** the fingers on your right arm.
- 2) **Sing** the finger numbers above the stave as you **tap** on your right arm. **Say** 'D' on the fourth beat. This will remind you to **move** your left hand fingers to the D string for bar 3.

We will play this piece with the bow later in the course, once you are used to the finger placements!

Tap Your Arm

Practise the finger placements before you pick up your violin, by 'tapping' the fingers on your right forearm (imagine the forearm is the violin fingerboard).

This will help you to remember the finger positions
