In this piece, we play the dotted quaver and semiquaver in one bow.
Practise playing the **slurred dotted note** pattern on an open string first!

Energetic!

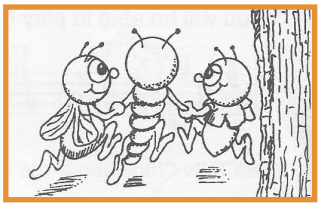
Activities



1) **Clap** the piece through while **saying** the rhythm names.

2) **Play** the slurred dotted rhythms on open strings.
Repeat several times until you are used to the new bowing pattern.

3) **Answer** these questions: Which key is this piece in? Which finger pattern should you use? How can you **change** your bow movement to create dynamic changes

4) **Check** your hand position in bars 5 and 6 to be sure you can reach the 3rd and 4th finger notes. **Loop** (repeat) these bars several times before playing the piece.
