Yankee Doodle & Two Rounds

Yankee Doodle is a well known American traditional song, based on a medieval European tune. Check the finger patterns before you play!

Here are two **rounds**. You can play these on your own, or with up to 4 people starting at different times. When one player reaches an asterisk (*), the next one starts.

Sing the words, then the note names, before you play.

Ah, Poor Bird

The Up and Down Round

Maw

In a minor key,
we sing 'maw'
instead of 'me'
for the 3rd note
of the scale
