

# Rhythm Bank 10

## Mixed Rhythms in 4/4 Time

Keep a steady beat as you clap the *quick slow quick* rhythm in lines 1 and 4.

Line 1: *slow slow quick slow quick quick quick quick quick slow - ow*

Line 2: *slow ssh! slow ssh! se-mi quick se-mi quick slow ssh!*

Line 3: *quick se-mi quick quick se-mi-quaver quick quick slow - ow - ow slow*

Line 4: *se-mi-quaver se-mi-quaver quick se-mi quick quick quick slow quick se-mi-quaver se-mi-quaver*

## Activities

- 1) **Clap** and **Say** all 4 lines.
- 2) **Clap** then **play** the rhythm patterns as a **round**.

The **first** person starts on their own. When they reach line 2, the **second** person begins line 1.

When the **first** person reaches line 3, and the **second** person reaches line 2, then the **third** person starts from line 1, and so on.

- 3) **Play** the whole rhythm bank on your instrument, with either the note D, F# or A.

If different players choose different notes, you will hear 'harmony' - the sound of all 3 notes being played together at the same time.

### A Round

A piece of music that can be played by several people starting out at different times
