

# Scarborough Fair

In E Minor

As you learn this traditional English Ballad, experiment with your tone quality to find a beautifully nostalgic, plaintive sound.

## Wistfully

## Activities

- 1) **Loop** (repeat) the first two bars until the slurred tenuto notes sound exactly in time, with a clear separation between each note.
- 2) **Experiment** with different bow strokes for each phrase. How does the speed, weight and placement of your bow change during the crescendos and diminuendos?
- 3) **Transpose** the music into different minor keys: A, B, C, D, E, F# and G.
